

How would you like to have your very own Personal Assistant for just £1.64 per day?

With EasyCall, now you can.

Dear Sir or Madam,

EasyCall Solutions, a friendly and professional Sussex based company, is transforming the way businesses are handling phone calls from valued clients and potential new ones.

If you struggle to answer your calls, we have a solution for you. However large or small your practice, **not answering your phone professionally and efficiently can cost you hundreds of pounds in lost business.** You may need help to cover holidays, busy periods, lunches, staff sickness, while you are working or when you are with clients. EasyCall provides the answer.

Do your customers hang up when they:

- Hear an answerphone or voicemail?
- Do not get an answer, or are diverted to another phone line?
- Hear the engaged tone (and don't ring back)?

And do they then call another Solicitor instead?

If you answer Yes to any, or all, of these questions, then you need EasyCall, and quickly.

Constant contact is cheaper than you think

For as little as £35 per month, our Personal Telephone Answering Service will enable you to cope during those busy periods when you could benefit from not answering any calls for an hour or so. Any messages can be passed to you via SMS or email which you can pick up at a time that is convenient for you. Better still, your customers will not get an answer machine, just **a polite and helpful secretary who will answer the calls in your company name** and give a very personal service.

Never miss a call again

The benefits of choosing EasyCall are huge. Our Personal Assistants are friendly, professional and experienced. They are skilled in a wide range of services, can handle any call overflow from your clients, and enable you to have a few hours' peace and quiet, or even to take some time out with your family. With EasyCall:

- ✓ You will never miss a phone call again
- ✓ You can spend more time running your business, and not answering the phone
- ✓ You will not have the high costs of employing a full time Personal Assistant

✓ You can take a relaxing holiday and enjoy complete peace of mind

Free one week trial. Why not give us a try?
